In these pages, world renowned Photoshop instructor and best-selling author Ben Willmore writes in his signature style--intuitive, crystal clear, and in-depth--helping you gain the deep understanding needed to master Photoshop's most essential features. Complex concepts like Curves and Channels are broken down into easy to digest metaphors and descriptions, and features new to Photoshop CS2--such as Bridge, Smart Objects, the revamped Layers Palette and Camera Raw dialog box, as well as the awesome new Warping and Vanishing Point features--are all covered in the depth they deserve, making it possible to quickly adapt them into your daily workflow. Whether you're a photographer, designer, production artist or hobbyist, the knowledge you gain in this book can dramatically change the way you think about Photoshop. 573 pp. Deutsch.
