

Fear Itself: The New Deal and the Origins of Our Time

Filesize: 5.81 MB

Reviews

I just started off reading this article pdf. It really is simplistic but shocks in the fifty percent of your ebook. You will not truly feel monotony at at any time of the time (that's what catalogues are for about when you request me).

FEAR ITSELF: THE NEW DEAL AND THE ORIGINS OF OUR TIME

Audible Studios on Brilliance, United States, 2016. CD-Audio. Book Condition: New. Unabridged. 171 x 133 mm. Language: English . Brand New. Redefining our traditional understanding of the New Deal, Fear Itself finally examines this pivotal American era through a sweeping international lens that juxtaposes a struggling democracy with enticing ideologies like Fascism and Communism. Ira Katznelson, a towering figure in the study of American and European history (Cornel West), boldly asserts that, during the 1930s and 1940s, American democracy was rescued yet distorted by a unified band of southern lawmakers who safeguarded racial segregation as they built a new national state to manage capitalism and assert global power. This original study brings to vivid life the politicians and pundits of the time, including Walter Lippmann, who argued that America needed a dose of dictatorship; Mississippi's five-foot-two Senator Theodore Bilbo, who advocated the legal separation of races; and Robert Oppenheimer, who built the atomic bomb yet was tragically undone by the nation's hysteria. Fear Itself is a necessary work, vital to understanding our world as the New Deal first made.
