It changed a lot of the structures of the Union to which many citizens have grown used to. For example, the pillar-structure of the EU, which was implemented by the Maastricht Treaty, is gone. It is a big step towards a more (political) integrated and an ever closer Union . In the first part of this essay the changes the Lisbon Treaty introduced to the political institutions will be discussed. The second part will show how integration might look like post-Lisbon and whether there will be further integration in form of further revisions of the treaty. 20 pp. Englisch.
